Strahler NUGOGGLE 2flg. weiss

Dimmable: yes

Our **NUGOGGLE** shines with open eyes into the world. As a shapely single luminaire, it radiates at a defined 30-degree angle into the room and creates both functional light and accent light.

The glare is very poor due to the recessed LED. The warm white light in 2,700K with high color rendering of RA>90 provides a pleasant ambience.

The die-cast aluminum and white powder-coated NUGOGGLE is dimmable.
