6W Diled GU5,3 360lm 2700K 36° dim

Dimmable: yes

Our 6W **Diled MR16** is the successor to the successful Haled series from Sigor. The unique reflector perfectly imitates that of a halogen version. The high color rendering index guarantees almost daylight-like color rendering.

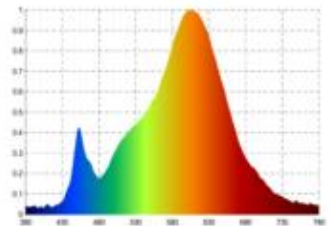

Our Diled has a brilliant light color of 2,700K and lets everything shine in a beautiful light. The MR16 is equipped with the latest LED technology and is therefore highly dimmer-compatible.

For consumers, we at Sigor Licht GmbH offer a 5-year guarantee on the function.
