Einbauleuchte Diled 5W 300lm 2700-2100K

Our 5W **Diled Downlight** is the successor of the successful Haled series from Sigor. The unique reflector perfectly imitates that of a halogen version. The high colour rendering index guarantees a colour rendering that is almost similar to daylight. The recessed downlight has Dim-To-Warm technology. It is characterised by the reduction of the light colour when dimmed from 2,700K to 2,100K, as with a traditional incandescent lamp. The recessed luminaire is equipped with the latest LED technology and thus has a high degree of dimmer compatibility. Power is supplied via an integrated driver. Particularly important in the property: we offer a 3-year guarantee and vouch for the high-quality workmanship and durability.

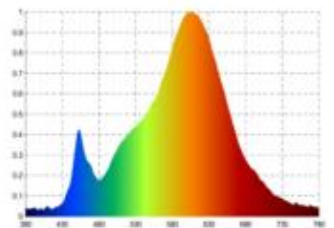

Dimmable:

Recommended dimmer: www.sigor.de/dimmerliste

300 lm	luminous flux [lm]
5,00 Watt	rated power
2700-2100 K	colour temperature
Ra>95	colour rendering
<5 sdcms	colour consistency
36°	beam angle
weiss	Colour housing
IP30	type of protection
-10° - 40°C	temperature range in operation
0.9	power factor
230 V AC	voltage
50/60 Hz	operating frequency
24 mA	current
4 kWh/1000h	energy consumption
<1.0 s	warm-up time up to 60% of the full light output
<0.5 s	starting time
Ø 50.000 h	nominal life time
L80B10	rated life time L70/B50
0,8	lumen maintenance factor at the end of the nominal life

Spectral power distribution in the range 180 - 800 nm
