Einbauleuchte 68 Diled 10W 610lm 2700K-2100K

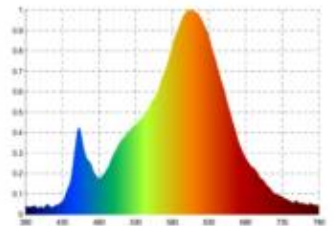

Dimmable yes

Our 10W **Diled Downlight** is the successor of the successful Haled series from Sigor. The unique reflector perfectly imitates that of a halogen version. The high colour rendering index guarantees a colour rendering that is almost similar to daylight. The recessed downlight has Dim-To-Warm technology. It is characterised by the reduction of the light colour when dimmed from 2,700K to 2,100K, as with a traditional incandescent lamp. The recessed luminaire is equipped with the latest LED technology and thus has a high degree of dimmer compatibility. Power is supplied via an integrated driver.

Recommended dimmer: www.sigor.de/dimmerliste

610 lm	luminous flux [lm]
10,00 Watt	rated power
2700-2100 K	colour temperature
Ra>95	colour rendering
<5 sdcms	colour consistency
36°	beam angle
weiß	Colour housing
IP20	type of protection
-10° - 30°C	temperature range in operation
0.9	power factor
230 V AC	voltage
50/60 Hz	operating frequency
45 mA	current
10 kWh/1000h	energy consumption
<1.0 s	warm-up time up to 60% of the full light output
<0.5 s	starting time
Ø 50.000 h	nominal life time
L80B10	rated life time L70/B50
0.8	lumen maintenance factor at the end of the nominal life

Spectral power distribution
in the range 180 - 800 nm
