Einbauleuchte 68 Diled 10W 610lm 2700K-2100K

Dimmable yes

Our 10W **Diled Downlight** is the successor of the successful Haled series from Sigor. The unique reflector perfectly imitates that of a halogen variant. Due to the high color rendering index, an almost daylight-like color rendering is guaranteed. The recessed downlight has the Dim-To-Warm technology. It is characterized by the lowering of the light color when dimming from 2,700K to 2,100K, as with a traditional incandescent lamp. The recessed luminaire is equipped with the latest LED technology and thus has high dimmer compatibility. The power supply is provided by an integrated driver. Especially important in the object: we offer 3-year warranty and vouch for the high-quality workmanship and durability.
