Einbauleuchte Diled 6W 360lm 2700K-2100K

Our 6W **Diled Downlight** is the successor of the successful Haled series from Sigor. The unique reflector perfectly imitates that of a halogen variant. The reflector can be tilted up to 50°. Due to the high color rendering index, an almost daylight-like color rendering is guaranteed. The recessed downlight has Dim-To-Warm technology. It is characterized by the lowering of the light color when dimming from 2,700K to 2,100K, as with a traditional incandescent lamp. The recessed luminaire is equipped with the latest LED technology and thus has high dimmer compatibility. The power supply is provided by an integrated driver. Especially important in the object: we offer 3-year warranty and vouch for the high-quality workmanship and durability.
