Einbauleuchte 68 Diled Low Glare 6W 380lm 2700K

Dimmable yes

Our 6W **Downlights 68 Diled Low Glare** are characterized by a compact design with an ultra-flat installation depth of 49mm and direct connection to 230 V. Visually, they are almost indistinguishable from a halogen lamp. Thanks to the radiation via the reflector, the light is completely glare-free.

The recessed downlight has a brilliant light color of 2,700K and lets everything shine in a beautiful light. In a white die-cast housing, our Diled sets its accents. The recessed luminaire is equipped with the latest LED technology and is therefore highly dimmer-compatible. Power is supplied via an integrated driver.

Recommended dimmer: www.sigor.de/dimmerliste

350 lm	luminous flux [lm]
6,00 Watt	rated power
2700 K	colour temperature
Ra>95	colour rendering
<5 sdcn	colour consistency
32°	beam angle
weiß	Colour housing
IP20	type of protection
-20° - 40°C	temperature range in operation
0.9	power factor
230 V AC	voltage
50/60 Hz	operating frequency
28 mA	current
6 kWh/1000h	energy consumption
<1.0 s	warm-up time up to 60% of the full light output
<0.5 s	starting time
Ø 40.000 h	nominal life time
L70B50	rated life time L70/B50
0.7	lumen maintenance factor at the end of the nominal life

Spectral power distribution
in the range 180 - 800 nm
