5W Diled 90 GU10 Ra90 350lm 3000K 36° dim

Our 5W **Diled GU10 90** is the successor to the successful Haled series from Sigor. The unique reflector perfectly imitates that of a halogen variant. The reflector can be tilted up to 50°. Due to the high color rendering index, an almost daylight-like color rendering is guaranteed.

The recessed downlight has a brilliant light color of 3,000K and makes everything shine in a beautiful light. The GU10 is equipped with the latest LED technology and thus has a high dimmer compatibility.
