12W AR111 Argent G53 800lm 2700K 10° dim

Our 12W ARGENT AR111 is due to the high quality finish optimally suited for object and design lights. Der Reflektor der Argent ist so konstruiert das Sie nicht geblendet werden. Its color rendering with a RA value of 92 lets everything shine true to color. The Argent is equipped with the latest LED technology and thus has a high dimmer compatibility. The low power consumption of the LED is confirmed by the good energy efficiency class.
