5W Luxar R7s 680lm 2700K

Our 5W **LUXAR R7s SLIM** rod is the perfect replacement for the classic halogen rods. The slim design of 15mm diameter allows even the use in confined spaces.

The R7S rod is equipped with the latest LED technology and thus has a long life. The low power consumption of the LED is confirmed by the good energy efficiency class. The lumen package our R7s can be compared with a 50W conventional R7s.
