20W Normale Ecolux opal E27 2452lm 4000K

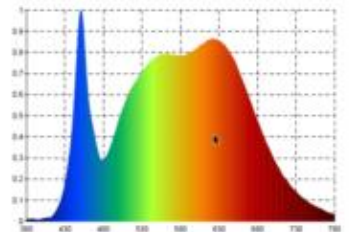

Dimmable no

Our most economical LED lamp is the 20W **Ecolux standard lamp** with a light color of 4000K. The light color of this lamp is a pleasant and neutral white. The Ecolux is equipped with the latest LED technology and offers good light at an entry-level price. We have dispensed with the dimming function to offer the lamp even more attractive price.

The energy efficiency class of the Ecolux is very good and its low power consumption confirms this. The opalized Kunststoffabdeckung provides a shadow-free illumination. With a lumen package equivalent to a 150W conventional incandescent lamp, the Ecolux offers excellent value for money.

2.452 lm	luminous flux [lm]
20,00 Watt	rated power
150 Watt	equivalent incandescent lighting
4000 K	colour temperature
Ra>80	colour rendering
<6 sdcM	colour consistency
200°	beam angle
E27	base
A70	outer bulb
opal	type of glass
141 mm	length
70 mm	diameter
IP20	type of protection
-20° - 40°C	temperature range in operation
0.7	power factor
230 V AC	voltage
50/60 Hz	operating frequency
86 mA	current
20 kWh/1000h	energy consumption
<1.0 s	warm-up time up to 60% of the full light output
<0.5 s	starting time
Ø 15.000 h	nominal life time
L70B50	rated life time L70/B50
0.7	lumen maintenance factor at the end of the nominal life

Spectral power distribution
in the range 180 - 800 nm
