9,6W/m Nature LED-Streifen 4000K 5m

Our 9.6 W Nature Strip IP20 is all about environmental protection. Compared to our conventional LED strips, the HE strip is 30% more efficient. It has a remarkable efficiency of 180 lm/W. By using smaller power supply units, a very environmentally friendly lighting solution can be created. An almost lifelike color rendering index of 96 and more guarantees excellent staging of the lighting object.
