### Lichtstreifen Expert Slim 14,4 W/m 4000K

Our 14.4W **EXPERT SLIM 5mm 24V** is one of our special strips. They provide solutions for special applications. The very narrow strip is particularly suitable for discreet lines of light.

The slim version also allows lighting solutions where space is extremely limited.

Tight binning with only 6 SDCM guarantees a homogeneous light color both on the strip and with different strips of this type.

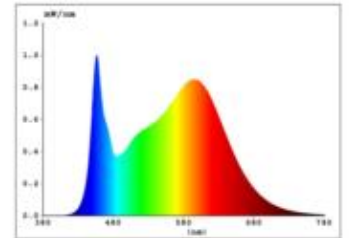

A wide range of suitable controls is available, whether DALI, WIFI, ZIGBEE, BLUETOOTH or radio.
