4,5W Normale Filament matt E27 470lm 2700K dim

Dimmable: yes

Our 4.5W filament standard lamp is the optimal replacement for traditional incandescent lamps due to its classic look. It is equipped with the latest 5th generation filament technology and thus has high dimmer compatibility. Its color rendering with an RA value of 90 makes everything shine true to color. The low power consumption of the filament is confirmed by the good energy efficiency class. The illuminant has an interior matting whereby a glare is reduced with direct eye contact.

If you would like to know with which dimmers this product is compatible, then please follow the link to the test results from our own workshop.

Recommended dimmer: www.sigor.de/dimmerliste

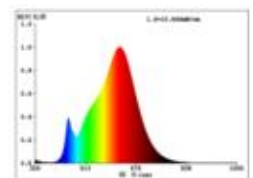

470 lm	luminous flux [lm]
4,50 Watt	rated power
40 Watt	equivalent incandescent lighting
2700 K	colour temperature
Ra>90	colour rendering
<6 sdcm	colour consistency
300°	beam angle

E27	base
A60	outer bulb
matt	type of glass
108 mm	length
60 mm	diameter
IP20	type of protection
-20° - 40°C	temperature range in operation

0.7	power factor
230 V AC	voltage
50/60 Hz	operating frequency
26 mA	current
5 kWh/1000h	energy consumption
<0.5 s	warm-up time up to 60% of the full light output
<0.5 s	starting time

Ø 15.000 h	nominal life time
L70B50	rated life time L70/B50
0.7	lumen maintenance factor at the end of the nominal life

Spectral power distribution
in the range 180 - 800 nm
