4W Kerze Filament gold E14 410lm 2400K dim

Dimmable: yes

Our 4W filament candle lamp is the optimal replacement for traditional incandescent lamps due to its classic look. It is equipped with the latest LED technology and thus has a high dimmer compatibility. The low power consumption of the filament is confirmed by the good energy efficiency class. The bulb has a golden coating, which colors the light color in 2,400K and creates an atmospheric ambience.
