7W Normale Filament opal E27 806lm 2700K dim

Our 7W filament standard lamp is the optimal replacement for traditional incandescent lamps due to its classic look. It is equipped with the latest 5th generation filament technology and thus has a high dimmer compatibility. Its color rendering with an RA value of 90 makes everything shine with true colors. The low power consumption of the filament is confirmed by the good energy efficiency class. The illuminant has an opalized glass for a shadow-free illumination.

If you would like to know with which dimmers this product is compatible, please follow the link to the test results from our own workshop.

Dimmable yes

Recommended dimmer: www.sigor.de/dimmerliste

806 lm luminous flux [lm] 7,00 Watt rated power

60 Watt equivalent incandescent lighting

2700 K colour temperature Ra>90 colour rendering <6 sdcm colour consistency
