9W Normale Filament opal E27 900lm 2700K dim

Dimmable: yes

Our 9W filament standard lamp is the optimal replacement for traditional incandescent lamps due to its classic look. It is equipped with the latest 5th generation filament technology and thus has a high dimmer compatibility. Its color rendering with an RA value of 90 makes everything shine with true colors. The low power consumption of the filament is confirmed by the good energy efficiency class. The illuminant has an opalized glass for a shadow-free illumination.
