10,5W Normale Filament matt E27 1521lm 2700K

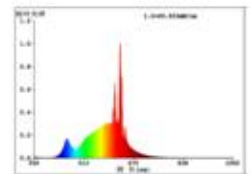

Dimmable no

Our 10.5W **Filament standard lamp** is by your classic look the optimal replacement for traditional incandescent lamps. It is equipped with the latest filament technology. Your color rendering with a RA value of 90 lets everything shine true to color.

The lumen package of our filament can be compared with a 100W conventional incandescent lamp. The bulb has an internal matting which reduces glare in direct eye contact. By removing the dimming function could be dispensed with not desired functionality and thus offered even more attractive price.

1.521 lm	luminous flux [lm]
10,50 Watt	rated power
100 Watt	equivalent incandescent lighting
2700 K	colour temperature
Ra>90	colour rendering
<6 sdcM	colour consistency
300°	beam angle
E27	base
A60	outer bulb
matt	type of glass
108 mm	length
60 mm	diameter
IP20	type of protection
-20° - 40°C	temperature range in operation
0.5	power factor
230 V AC	voltage
50/60 Hz	operating frequency
82 mA	current
11 kWh/1000h	energy consumption
<0.5 s	warm-up time up to 60% of the full light output
<0.5 s	starting time
Ø 15.000 h	nominal life time
L70B50	rated life time L70/B50
0.7	lumen maintenance factor at the end of the nominal life

Spectral power distribution
in the range 180 - 800 nm
