

## Datasheet 6148201

### 11W Normale Filament klar E27 1521lm 2700-2200K

Dimmable:

Our 11W **Filament standard lamp** is by your classic look the optimal replacement for traditional incandescent lamps. It is equipped with the latest filament technology and thus has a high dimmer compatibility. The filament has a Dim-To-Warm technology and is characterized with the lowering of the light color when dimming from 2,700K to 2,200K. The lamp changes light color when dimmed just like a traditional incandescent lamp. Its color rendering with an RA value of 90 makes everything shine with true colors. The Filament's low power consumption is confirmed by its good energy efficiency rating. The lumen package of our Filament can be compared with a 100W traditional incandescent lamp. Its clear glass bulb exposes the sophisticated technology of the bulb.

Recommended dimmer: [www.sigor.de/dimmerliste](http://www.sigor.de/dimmerliste)

1.521 lm	luminous flux [lm]
11,00 Watt	rated power
100 Watt	equivalent incandescent lighting
2700-2200 K	colour temperature
Ra>90	colour rendering
<6 sdcms	colour consistency
300°	beam angle
E27	base
A60	outer bulb
klar	type of glass
108 mm	length
60 mm	diameter
IP20	type of protection
-20° - 40°C	temperature range in operation
0.7	power factor
230 V AC	voltage
50/60 Hz	operating frequency
55 mA	current
11 kWh/1000h	energy consumption
<0.5 s	warm-up time up to 60% of the full light output
<0.5 s	starting time
Ø 15.000 h	nominal life time
L70B50	rated life time L70/B50
0.7	lumen maintenance factor at the end of the nominal life

Spectral power distribution  
in the range 180 - 800 nm
