3,8W Normale Filament klar E27 806lm 3000K

Our new 2.2W Filament standard lamp not only captivates with its classic look, but additionally already fulfill the strict EU regulation of eco-design and energy labeling for energy efficiency class A. For this, the Filament already achieves an efficiency of over 210 lm/W. Due to this special efficiency, the lamp is very economical in consumption and protects the environment through its use compared to less efficient lamps.
