5W Normale Filament klar E27 1055lm 3000K

Dimmable no

Our new 5W **Filament standard lamps** not only captivate with their classic look, but additionally already meet the strict EU regulation of ecodesign and energy labeling for energy efficiency class A. The filament reaches for it already now an efficiency of up to 211 lm/W.

. Due to this special efficiency, the lamp is very economical in consumption and spares the environment through its Use the environment compared to less efficient lamps. The lumen package of our Filament can be compared to a 60W conventional incandescent lamp. Its clear glass bulb exposes the sophisticated technology of the bulb..
