Netzteil POWERLINE FLAT 30W 24VDC

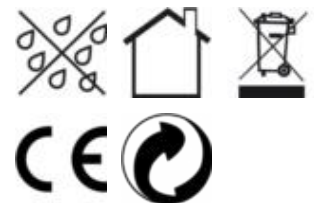

Our 30W **POWERLINE COMFORT FLAT** in 24V finds its application in the power supply of LED strips. It has IP20 protection and is therefore not suitable for outdoor use. The minimum load of the power supply is 10% of the total power. Our power supply is protected against short circuit, overload and overvoltage. Our power supply is considered EMC interference resistant, which means that our power supply will not interfere with other devices due to unwanted electrical or electromagnetic effects, or be disturbed by other devices.

Especially important in the object: we offer a 3-year warranty and vouch for the high-quality workmanship and durability of this power supply.
