Netzteil POWERLINE Outdoor 250W 24VDC

Our 250W **POWERLINE COMFORT OUTDOOR** in 24V finds its application in the power supply of LED strips. It has IP67 protection and is therefore also suitable for outdoor use. The minimum load of the power supply is 10% of the total power. Our power supply is protected against short circuit, overload and overvoltage. Our power supply is considered to be EMC interference resistant, which means that our power supply will not interfere with other equipment due to unwanted electrical or electromagnetic effects or be disturbed by other equipment (According to EN55015 Class B, EN61000-4-2, 3, 4, 5, 6, 8, 11, EN55024; EN61547 standard and according to EN61000-3-2 Class C (100% load)). Especially important in the object: we offer 3 years warranty and vouch for the high quality workmanship and durability of this power supply.
